THE NATION GROWING RICHER.

The people of this country have been told times almost without number, by a certain class of unscrupulous politicians that the entire business of the country is paralyzed, that our industries are depressed, that our commerce has abandoned the seas, that panic reigns in every part of the land, and that the country is filled with tramps and beggars. This is the cry of unprincipled political hacks like Charles H. Parker, Sam C. O., who is preaching that sort of stuff for \$50 a week, Pomeroys, who is doing the printing for the National Greenback party at bonanza rates, and others of the same class. There have been hard times for the past few years. During that time the business interests of many individuals have materially suffered. Wages have been reduced, and the closing of mills, workshops, and factories has thrown a large number of men out of employment. There are not so many now as there were last year, though wages have not advanced; but on the other hand, the purchasing power of our excellent greenback dollar is greater now than ever before in its history; that is, there has not been a time since 1862 when a dollar would buy more of the necessities of life than now.

But what about the country? We are told by Greenback speakers, and we read in Greenback newspapers and undemocratic campaign documents, that not only are the people growing poorer, but that the country is also growing poorer every year. Let us see about that. The only way to ascertain whether this statement is true or not, is to learn how much we sell abroad, and how much we buy. The prosperity of a farmer or a business man is measured by what he sells with that which he buys. If he sells more than he buys, and there is a large balance due him at the end of the year which is payable in gold, we say he is prosperous, and so he is. It is just so with a nation. If the United States imports more than it exports, we are paying our money to foreign countries. But if we export hundreds of millions of dollars worth of goods more than we import, then the balance of trade is in our favor, and as a country we are growing richer.

Let us look into the history of our trade for a few years past, and we will see most encouraging signs of the times, notwithstanding wheat and barley are down, and oats are fifteen cents a bushel. For five years before the panic, the balance of trade against the United States was over 100 millions of dollars, that is to say, we bought of men in foreign countries that much more than we sold, which we had to pay in the money of the world—gold. But how do matters stand now? Why, in 1877, we sold to foreign countries of our grain and manufactured articles, 247 millions of dollars worth, and that amount of money was paid to this country in gold. We exported 39 million bushels of wheat in 1873, but 72 millions for the year ending June 30, 1878. Of cotton, we exported 1,300 million pounds in 1873, and 1,600 million in 1878; and strange as it may seem, we exported 126 million yards of cotton cloth in 1873, and only 13 millions in 1878! This shows what we are doing with our cotton goods—shipping them to England, the very manufacturing centre of the world! In 1873 we exported 31 million pounds of beef, and in 1878 the amount reached 92 millions. For eight months of 1873, the excess of exports of the United States over imports, was only 38 million dollars, but for the eight months of 1878, it reached 188 millions. These figures are powerfully significant, and show that American labor is now employed to create products for foreign markets. This signifies that our industries are reviving, that those of our laboring men who were once idle are now returning to work, and that our country is growing richer and not poorer.

Even the Democrats in Rock county are now willing to admit, and even boast of it,

that Greenbackism is dead in Ohio, and that it should be dead; and yet they are running a fat country ticket, as well as a Congressional ticket. Platism and sore-headed Republicanism will be dead after the 5th of November.

WANTS AN EXPLANATION.

To the Editor.
JANESVILLE, Oct. 10, 1878.—You say in your paper that the Republicans have gained a grand victory in Ohio. Well, that may be so, but it seems to me to be a queer victory for the Republicans, when by the election the Democrats have 11 Congressmen, and the Republicans only 9, whereas the delegation now stands 12 Republicans and 8 Democrats. If you call that a victory, I hope you will get more of them.

Our Democratic friend must remember that last year the Democrats carried the State by 22,530 on Governor, while this year the Republicans carry it on State officers by 10,000 or more. Again, the Democrats in that State ingeniously and most unscrupulously gerrymandered the Congressional Districts, fully confident that such a game would give them 14 members of the House, and the Republicans but 6. To make this trick work the desired results they so framed the Districts that the Democratic ones contained from 4,000 to 10,000 majority, thus making it next to an impossibility for the Republicans to elect more than six members. To show our Democratic friend the total disregard the Democrats had for right or justice in redistricting the State, we give an incident. They attempted to throw General Garfield out of the District he now represents, and has represented so long and ably, but the scheme miscarried because he happened to own a farm in the limits of the new District, from which he was nominated and triumphantly elected! The Democrats expected, and confidently, too, that their infamous plan would work; so that anything less than 14 members for them would be a failure, and though the Republicans now hold 12 out of 20 former districts, anything more than 6 would be a gain over what the Democrats intended to let them have. Instead of the scheme giving the Democrats 14, they have but 11 at most, and came within a hair's breadth of losing three more.

Mr. Thomas M. Nichol, Secretary of the Honest Money League of the Northwest, has been stumping Massachusetts. The Evening Wisconsin says he addressed a large meeting of workmen at Faneuil hall on Saturday night, in favor of honest money for honest labor. The speech was printed in full in the Boston Advertiser, and was highly complimented. It is also stated that Hon. Adm. Tusher, Chairman of the Republican Committee of that State, has addressed a note to Chairman Rublee asking that Mr. Nichol may be released from an engagement made with him to spend the last two weeks of the canvass in addressing meetings in this State, and give his whole time in aid of the Massachusetts Republicans. Mr. Rublee will not consent to this.

The Democrats and the Greenbackers who are howling about the low wages of the laboringmen, should read this dispatch:

PORTSMOUTH, N. H., Oct. 9.—The wages of the employes of the navy yard are cut down 30 per cent, and the men placed on half-time, on account of a deficiency in the appropriation.

This is a fair sample of the tender regard the Democrats have for mechanics and other workmen. They compelled a reduction in the wages of the employes about the Capitol in Washington, but did not touch the salaries of the officers.

The reports from the political field in Wisconsin give the Republicans unwavering hope that they will make a clean sweep of the First, Second, Third, Seventh and Eighth Districts, with a very strong probability of carrying the Fourth and Sixth. A strong and united effort on the part of the Republicans will bring about Buck's political funeral.

There are several Methodist ministers running for Congress this year, and one of them, De La Matyr, of Indiana, has been elected. That is an unfortunate fall for Mr. De La Matyr—from the pulpit to Congress.

Senator Howe will address the citizens of Janesville, at Lippin's hall, this evening. The prominence of the Senator and his ability as an orator, will give him a rousing house.

Tilden and Thurman are already disposed of as Democratic candidates for 1880. Fiatism killed one, and the cypher dispatches and false income returns have laid out the other.

Since Parker heard from Ohio, he thinks if he can get out of the Congressional race with only six thousand majority against him, the District will have done him a favor.

The Democratic majority on a joint ballot in the Indiana Legislature, is only 8. The majority in the Senate is 1. The Republicans in Indiana did good work.

Henry Ward Beecher was away from home on his Western trip seventy-five days, traveled 14,000 miles, lectured sixty times and preached seven times.—Chicago Journal.

And made thirty thousand dollars.

Congressman Williams will speak to the people of Orfordville this evening and will preach to them the gospel of common sense and honest money.

Among other curiosities on exhibition at the American department of the Paris exposition was a spring chicken from an American boarding house. The chicken was taken to the glitche one morning, but when the heavy knife fell on its neck, the fowl gave a frightened squawk, and after one or two tremendous pulls, jerked its head away from under the knife and made its way back to its coop in the exposition. The knife was sent to the foundry for repairs.—Huckley.

ANOTHER WAR.

The Reasons for the Reported War Dispatches from Constantinople—War Inevitable.

LONDON, Oct. 11.—The Central News Agency has a report that Russian videttes are within fifteen miles of Constantinople. The British Government is anxious and solved to immediately demand an explanation.

The Russian army in Roumelia and Bulgaria still amounts, contrary to treaty, to 153,000 men.

A Vienna dispatch says that Russia is still urging Roumania to conclude a convention granting the right of passage for Russian troops through her territory for the minimum period of two years. Count Andrassy has so far induced Roumania to withhold her consent.

LONDON, Oct. 10.—A dispatch from Vienna states that Russia has informed the powers of the stoppage of the retreat of Russian troops, and has invited them to join in energetic representations which Prince Lobanoff is instructed to make, in order to induce the Porte to take prompt measures to stop the outrages upon Christians.

LONDON, Oct. 11.—A dispatch from Constantinople says: "In both Turkish and Greek circles the idea is gaining ground that war is inevitable. An influential party in the Turkish Council, headed by Osman Pasha, even holds that a purely defensive policy is impossible, for purely military reasons."

VIENNA, Oct. 10.—The Presse states that seventy-one battalions of Turks and 12,000 Albanians are now at Novi Bazar. Osman Pasha will be there soon in command of 150,000 men.

THE FEVER.

BROWNSVILLE, Tenn., Oct. 10.—Five deaths to-day and fifteen new cases. We had a heavy rain during the morning, but there are no indications of the weather for Mr. Riley, our chief of burial corps, was taken down last night.

M. McGRATH, Mayor.
NEW ORLEANS, La., October 10.—The weather is cloudy. Deaths, forty-eight; cases reported, 113; total deaths, 3,351; total cases, 11,942.

OHIO AND INDIANA.

The Latest Concerning the Election in Ohio and Indiana.

CINCINNATI, Oct. 10.—About thirty counties still remain to be heard from in Ohio. If the gains continue in the ratio already reported, the Republican majority will be about 8,000. The Democrats carry the Thirteenth District by a majority of 116, and thus secure a majority of the Congressional delegation. It is significant that the only two Republican candidates in Ohio or Indiana who betrayed any sympathies with the Greenback-inflationists were defeated. These were Van Vorhis in the Thirteenth Ohio District, who voted with the soft money men in the present Congress, and Morton C. Hunter in the Eighth Indiana District, who had declared himself opposed to the Resumption act. Both these candidates were elected the last time by good majorities. In the two States of Ohio and Indiana the Republicans lost seven Congressmen. The Democrats will control the Indiana Legislature by a majority of about six on a joint ballot, and this will probably insure the re-election of Senator Voorhees.

THE BOOKS.

The Respondent will Return the Stolen Books to the Court.

DETROIT, Oct. 10.—The hearing of the order in the McCloskey case was resumed this morning before Judge Baxter. The respondent having decided to obey the order of the Court to return the books to Notary Maynard's office inside of five days the Court would instruct the notary to complete the examination of them and return the books to Wetmore, not, however until he notifies the New York Mine Company of the intention of so doing, that they may then resort to a replevin and thus get their books. The Harland case was adjourned to-day until to-morrow.

TROOPS WANTED.

To Destroy the Illicit Distillers in Arkansas.

WASHINGTON, Oct. 10.—The request of the Commissioner of Internal Revenue at Little Rock for troops to aid him in destroying illicit distillers will be considered by the Cabinet to-morrow. War department officials express an opinion that it will be impossible to furnish the aid asked for without a violation of the posse comitatus clause in the recent army appropriation bill.

A NAIL HIT.

Some Short and Decisive Correspondence.—A Lie Nailed on the Head.

The following correspondence has just passed between Dr. H. A. Cooper, an old and respected resident of Burlington, Racine county, and Hon. C. G. Williams:

BURLINGTON, Oct. 7, 1878.
Hon. C. G. Williams, Janesville, Wis.

DEAR SIR:—I have just returned from listening to a speech by Mr. Parker's spokesman, Stewart, in which from beginning to end he was false and demagogic. He was especially severe upon you.

Among other things, he said that you had ridiculed Mr. Parker's personal appearance,—"the stoop of his shoulders, etc.;" that you had asked, "How would a man with such a stoop look in Congress?" Here Mr. Stewart gave what he declared to be an imitation of your manner of asking that question. Of course that is all a lie.

I am to deliver a speech in this place on Tuesday evening of next week. What I desire is to have from you an authoritative denial of that statement of Mr. Stewart's, to use on that occasion. It will help very materially in the refutation of some of his other falsehoods. In great haste,

Very truly yours,
H. A. COOPER.

MR. WILLIAMS' REPLY.
JANESVILLE, Oct. 11, 1878.
H. A. Cooper, M. D., Burlington, Racine County.

MY DEAR SIR:—On reaching home to-day I found yours of the 7th inst., in which you say, you have just listened to "Mr. Parker's spokesman Stewart" where he said among other things, that I "had ridiculed Mr. Parker's personal appearance, the stoop of his shoulders, etc." And then I had "asked how would such a man, with such a stoop, look in Congress?"

Is it necessary for me to say that I am astonished? If Mr. Stewart made these statements, then I brand him as an unconscionable liar. In warp and wool, in essence and substance, it is a wicked, malicious clumsy lie.

I never referred to such a thing in any speech, and I call upon all the audiences I have addressed that they may brand the lie and its author as they desire.

On the contrary if that is to be Mr. Parker's next platform, in this canvass, then I insist that his shoulders do not stoop any more than mine do.

But seriously, that Mr. Parker and his man Stewart gone stark mad, or do they think the people of this district are fools? I thank you for writing me.

Truly yours,
C. G. WILLIAMS.

The Burlington Hawkeye.

The Burlington Hawkeye gives a long account of the wanderings of Albert W. Parsons, formerly Mayor of that city, who "blat" between two days in September, 1877, and was subsequently shown to be a defaulter to the amount of \$36,000. Just

where he went at first is not precisely known, but after a time he was in Texas and Mexico, where he wandered around aimless and poor. As we have previously stated, he returned to Burlington last week his friends and bondsmen having made up the amount of his defalcation. It appears that Mr. Parsons, who was assistant cashier of a bank and treasurer of a school district and a building society, began using the trust funds as early as 1871. Just what he did with the money he appropriated is not known, as he did not gamble and was not otherwise dissipated. The Hawkeye intimates that a part of it was loaned to personal friends on insufficient security, and that another portion was used for political purposes.

RALLY TO-NIGHT!

Republican Demonstration at Lappin's Hall.

United States Senator Howe to Address the People.

There will be a mass meeting held at Lappin's hall this evening, at which Hon. T. O. Howe will speak on the political issues of the day. The meeting will be opened at eight o'clock. The ladies are cordially invited. Every one regardless of what party he belongs should hear Senator Howe. The questions at issue are all important to every man, and none should fail to hear the Senator.

The Bower City Band will discourse the music for the occasion.

BRIEFLETS.

—Hear Howe.
—Autumn leaves are leaving.
—The Concordia Society socialize next Tuesday.

—Mr. E. Newman, the miller, has gone to Fox Lake to take charge of a mill there.

—May Fisk's blondes have written for dates and propose to show up at the Opera House soon.

—Senator Howe has arrived at the Myers House, and was called upon to-day by many friends and admirers.

—J. A. Tice, who was so long in the photographic business here, and who has been spending some time to Kansas and Nebraska, is in the city again.

—The wife of Mr. Townsend Sager died this morning at his residence on Terrace street, south of West Bluff. The bereaved husband and relatives will receive the sympathies of many friends.

—Young Knowlton, who was charged with assaulting Charley Wilcox, was up before Justice Prichard this morning, but owing to the absence of the chief witness for the prosecution, was discharged.

—J. H. Rexford's buggy was turned the other side up on Milwaukee street to-day. His son Ben was driving along when the wheels of a passing wagon caught the buggy and spilled him out. No particular damage was done.

—Miss Julia Wilson has been secured as organist for the Court street church. She is a fine organist, and a better choice could not have been made. She formerly played in that church and will be gladly welcomed back to her old place.

—The plate glass for the front of Ford's new building, next to the postoffice, arrived to-day, and was put in place under the superintendence of a Chicago expert. A crowd of lookers-on also seemed to be superintending the job.

—Rev. S. Lugg, formerly pastor of the First Methodist church of this city, was greeting his many friends here again to-day and favored the Gazette with a call. He has been appointed to Bay View, where he is doing a successful work.

—Miss Dollie Patten has been engaged to sing in the Baptist choir. She has a sweet soprano voice, which has been used to good effect in Christ church choir for some time. She will prove a marked addition to the Baptist musical choir.

—A young couple from Green county, who has slipped away from the old folks and come to Janesville to get married, were kindly escorted back, yesterday, and will have to wait a few years. The young man was only sixteen, and the girl, like all girls, wouldn't let her age, but looked younger than the boy.

—A joyous gathering of young folks perpetrated a happy surprise last evening on Misses Cora and Elvira Church, daughters of Alderman James Church. The parlors were the scene of pleasant festivities until a late hour, and dancing and reliable edibles were in abundance. All the participants pronounced the affair a grand success.

—Last evening there was a most successful, and enthusiastic campaign meeting at Emerald Grove, which was largely attended. Mayor Pliny Norcross and Hon. James A. Sutherland did some good talking for the Republican cause, and scattered a goodly quantity of the seeds of truth, which falling in good ground will bring forth a harvest.

—The Temple of Honor have an important meeting to-night, and desire the attendance of every member. The officers of the Temple are hereafter to be elected semi-annually instead of yearly, and the present officers will retire November 1, unless re-elected. Next week the nominations will be made, and the week following the election will take place.

—There was a rip-roaring meeting at north Johnson street, last evening, at which Hon. H. A. Patterson and J. W. Sale gave stirring addresses, which were received with hearty cheers. The hard money democracy was out in full force, as well as the Republicans, but the Greenbackers scarcely showed up at all, and there seemed to be none to show up. Collins Smith, a brother of "Billy" Smith, presided. Inspiring songs were given by a glee club, and there seemed to be no let-up to the enthusiasm manifest.

THE WEATHER.

The thermometer at 7 o'clock this morning stood at 47 degrees above and at 2 o'clock p. m., at 68 degrees above. Clear. One year ago to-day at corresponding hours the thermometer stood at 34 and 51 degrees above.

The indications to-day are for the lake region and Ohio valley, falling followed by rising barometer, south and east winds, cloudy or partly cloudy weather, followed by westerly winds and clearing weather.

SPORTING SUNDRIES.

In Chicago yesterday the great handicap race was won by Hopeful in 2:17 1/4, 2:17, and 2:16. Rarus took second money, and Great Eastern third. The 2:34 race was won by Russian Spy, the fastest heat being in 2:36 1/4.

At 12 o'clock last night in the walk in Chicago, Schmeil had made 112 miles and Guyon 114 miles.

CHURCHLY CONFERENCE.

Further Doings of the Presbyterians.

The Newly Elected Officers.

Last evening Rev. G. P. Nichols, pastor of the Immanuel church, Milwaukee, preached to a goodly sized congregation in the Presbyterian church, choosing for his text, "The meek shall inherit the earth." The sermon was indeed a choice one, the thought being inspiring and the diction elegant. Mr. Nichols is considered one of the strongest preachers in the State, and those who missed hearing him last evening lost a rare treat.

After the sermon the work of organization was completed. Rev. T. Kirkwood, of Fond du Lac, and who was formerly pastor of the Presbyterian church here, was elected Moderator. Rev. Walter R. Frame, of La Crosse was chosen as Permanent Clerk, and Rev. J. W. Knott, of Lodi, and Elder Pettibone, of Fond du Lac, Temporary Clerks.

THIS MORNING.

The second day of the synod opened this morning with an hour spent in devotional exercises, led by Rev. J. C. Caldwell, the topic being, "Success is the work of the Ministry."

Mr. Caldwell took as the basis of some remarks several passages in Ephesians regarding the building up of the church. He spoke first of the necessity of a good foundation, then of having some well defined plan of work. He carried out these thoughts quite in detail. He thought a window was needed in the basement and this window he termed the catechism. The Westminster catechism was a little larger window. Light was necessary for the church. Ministers should preach a little more about light. Sunday School papers and books and family instruction were essential ways of getting light. In his own experience he had found that he succeeded best when he kept more in the study, than in the pulpit. Ministers often cared too much for what the world thought of a sermon instead of what God thought of it.

Others followed up these lines of thought, and at the close of the devotional exercises the regular work of the synod was taken up, which consisted largely in listening to the reports of the several permanent committees and discussing them.

THIS EVENING.

There will be a missionary meeting at the Congregational church which promises to be of unusual interest. The speakers announced are Rev. T. C. Kirkwood, Rev. J. E. Wright and Rev. J. M. McLean.

TO-MORROW'S DOINGS.

The following is the programme laid out for to-morrow.

MORNING SESSION.
8:30 to 9:30. Devotional Exercises, led by Rev. J. C. Caldwell. Subject, Success in Church Work.
9:30 to 11:30. Synodical Business.
11:30 to 12:30. Committee on the Narrative, Rev. G. P. Nichols.

AFTERNOON SESSION.
2:00 to 3:00. Synodical Business.

EVENING SESSION.
7:30 Meeting in behalf of Home Missions.
1-The Work of Home Missions as it is now opening to the Church, Rev. D. Stuart.
2-Wisconsin as a Mission Field, Rev. Walter R. Frame.
3-Obligations which our Churches owe to the Board of Home Missions, Rev. Jacob Post, D.D.

Missionary Women.

The Women's Synodical Society met to-day in the rooms of the Young Men's Association, there being a very fair representation from the various sub-committees. The meeting opened with devotional exercises, after which Mrs. J. W. Sanderson, of this city, she gave an address of welcome in which she not only extended a cordial greeting to those there assembled but spoke most feelingly of the magnitude and the righteousness of the work which had called them together, and urged still greater activity and more complete consecration.

Mrs. J. B. Stewart, of Milwaukee, who presided, responded very appropriately in behalf of the delegates, and before taking her seat took occasion to remind those present that the pledge had been made that the women should sweep off the debt of \$50,000 which the Board was now carrying. This looked like a big task, but it required only that each lady should increase her subscription about twenty-five per cent in order to do this. Wisconsin's share would be between \$300 and \$400.

The programme given in yesterday's Gazette was followed quite closely. Mrs. J. Manville, of Neenah, gave an address on "Missionary Pictures." The discussion of "How to overthrow the citadels of opposition?" was participated in by Mrs. Palmer, of Menominee, and Mrs. Whitehorn, of Menominee, and Mrs. Sanderson of Janesville. Mrs. W. Merrill, of Milwaukee, gave a report of the Cedar Rapids meeting, and Miss Cox, of Fond du Lac, presented an essay on "The Power of a Consecrated Life."

The reports show that the Society has raised during the past year \$1,332, making a gain of \$30 over the previous year.

A LIVELY RUN.

Milwaukee street was enlivened this morning by a speedy runaway, the propelling power being a nag belonging to and driven by John Bowles. The wagon was loaded with lumber, and in coming down the grade on the west side of the river, the boards slipped and struck the horse, starting him into a run. Near the postoffice Bowles was unloaded in a hurry, and fell under the wagon, two wheels of which passed over his leg. The horse didn't stop to see how badly his driver was hurt but kept right on across the bridge, scattering the boards behind and thither, until he ran onto the stone sidewalk in front of the Rock County National bank. He managed to keep his footing though, with much slipping and sliding, until he reached Robert's drug store where he tumbled full length and was captured. No particular damage was done to the horse or to the wagon. Mr. Bowles was badly shaken up but fortunately no bones were broken. He was taken to his home in a buggy and there cared for, and it is thought no serious effects will result to him.

CITY NOTICES.

Money is Tight.

And when was it otherwise? The oldest man cannot remember. People are grumbling—all grumble—ministers and laymen complain. Well, then, "times are dull, and money is tight," but haven't you got enough to buy a bottle of Sodasont to keep your teeth clean, and mouth sweet, and help you enjoy life?

Money may be tight, but it is nothing to Spalding's Gino. That's the tightest thing out.

Barnes & Hodson's old Minnesota Wheat flour better than St. Louis winter wheat.

LOCAL MATTERS.

Ladies and Gents will always find the nicest and cheapest Box and Staple Stationery in the city and Sutherland's Bookstore, No 29, Main street.

Liver is King.

The liver is the imperial organ of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the liver and stomach. Sample bottles to try, 10 cents. Positively sold in all towns on the Western Continent. Three doses will prove that it is just what you want.

"The First Dose Gives Relief."

Trials Bottles Dr. Swayne's Compound Syrup of Wild Cherry, 25 Cents.

The distressing cough, which threatened serious results, is quickly cured before developing a fatal pulmonary affection. For all throat, breast and lung disorders, Asthmatic or Bronchial affections, Hooping Cough, Liver Complaint, Blood Spitting, &c, no remedy is so prompt and effectual as "Dr. Swayne's Compound Syrup of Wild Cherry."

"I have made use of this preparation for many years, and it has proved to be very reliable and efficacious in the treatment of severe and long standing coughs. I know of two patients, now in comfortable health, and who but for its use I consider would not now be living."

ISAAC S. REIDEN, M. D.,
Stratford, Conn. county, Pa.
Price: Trial bottles, 25 cents; large size, \$1, or six for \$5. A single 25 cent bottle will oftentimes cure a recent cough or cold, and thus prevent much suffering and risk of life. Prepared only by Dr. Swayne & Son, Philadelphia. Sold by leading Druggists.

Excessive Heat.

And unwholesome diet at this season of the year may speedily carry you to the grave. Parker's Ginger Tonic, by its corrective action on the entire digestive apparatus, will not only infallibly cure Diarrhoea, Dysentery, Cholera, Cholera Infantum, Colic, Cramps, Spasms, &c, but will prevent those dangerous disorders from attacking the system. It may save your life, and should always be kept in the house. This pleasant remedy is unequalled for teething children, nursing mothers. Possessing many additional virtues of other valuable roots, it is far superior to Eucalypti of Ginger, without their constipating effects, and while more invigorating than those never intoxicating, nor creates any desire for stimulants. It cures Dyspepsia, and its varied symptoms of Headache, Nervousness, Palpitation of the Heart, Wakefulness, Sour Stomach, Costiveness, Liver Disorders, Furred Tongue, Low Spirits, Neuralgia and Rheumatic Pains, enables you to enjoy the fruits and vegetables of the season without fear, and gives comfort after a hearty meal. Buy a \$1.00 bottle of your druggist, A. J. Roberts, or a sample bottle at 15 cents, and test its extraordinary merits.
